Accomodation

Lille

ACCOMMODATION

Applications for accommodation should be submitted using MOD Form 1132 (PSA). This should be submitted to the NSE, who will forward it on to the relevant section. This should be done as soon as possible to minimize any delay in allocation.

Both married and single living accommodation is in Lille. The married quarters are located on Wasquehal, some with off-street parking, and all have a minimum of 4 bedrooms. Flats for single and unaccompanied personnel are located near the Citadel.

Home Insurance

This is less restrictive than car insurance, but premiums may still be slightly higher than expected. Obviously, you are free to choose whomever you wish but be aware of the liability clause as in Germany you are expected to cover this on your own property by law.

A couple of insurance companies:
