How to... ask questions

You can ask questions before and during the call on [Slido](#) with participant code **#001918**

- Write questions in advance to the call
- Write anonymous questions live to the panel
- Upvote to highlight popular questions to the panel

During the call, the BT dial-in co-ordinator will give instructions on how you can ask the panel live questions. You will be placed in a queue and if time allows, you will be invited to ask the panel your question. Due to the number of callers, it will only be possible for the panel to answer a limited number of live questions.

Four things to remember when you're asking a question:

1. Be **clear, concise** and **considerate**
2. **Keep it fresh**, listen closely and make sure your question **hasn't already been covered**
3. Keep your question **relevant to a large audience**
4. Do not ask questions that may be above **Official**
